Listing ID: 00146162249

Completely flat land located in Sacacoyo, El Tigre Canton, La Libertad Department. This property is currently used for growing corn or sugarcane, but because it is close to the Pan-American Highway leading to Sonsonate or Opico, it is an attractive site for an industrial or recreational project. The property measures 85,000 square meters (8.5 hectares), providing ample space for a substantial project, and the area is currently quite safe. We recommend scheduling a visit to appreciate the land's advantages, its access points, and its surroundings, which will give you a better idea of what can be achieved on this property.
